The First and Only Foam Industry Exhibition in Eurasia

Foam Eurasia – **Technical Foam Industry and Technologies Exhibition** – will bring together industry professionals from around the world at the Istanbul Expo Center.

As one of the most critical inputs in automotive, furniture, construction, bedding, sports, leisure, packaging, and medical manufacturing processes, the technical foam industry is preparing to showcase its latest technologies at Foam Eurasia 2026.

Positioned as the leading specialized trade exhibition in Türkiye and the MENA region, Foam Eurasia will gather the entire foam supply chain under one roof — from manufacturers of technical foam products and technologies to raw material and auxiliary product suppliers, as well as global buyers.

Why Exhibit?

Meet potential customers face-to-face and build valuable business connections.

Generate new sales opportunities and expand your customer portfolio.

Showcase your products and services to stay one step ahead of your competitors.

Respond directly to purchasing demands and secure new orders.

Increase your brand awareness in both national and international markets.

TAKE YOUR PLACE AT EURASIA'S FIRST AND ONLY FOAM INDUSTRY EXHIBITION!

The Technical Foam Industry and Technologies Exhibition, shortly known as **Foam Eurasia**, will bring together industry professionals from around the world at the **Istanbul Expo Center on November 11–13, 2026,** showcasing the latest advancements in the technical foam industry.

Playing a critical role in the manufacturing processes of numerous sectors including automotive, furniture, construction, bedding, sports & leisure, packaging, and medical industries, the technical foam sector will present its innovative technologies and products directly to buyers at **Foam Eurasia 2026.**
